PROFILE

- Seeking a challenging position in an organization where I can use my talents and skills to grow and expand the organization as well as myself and implement my competencies to the best use and pursue a challenging career where I keep learning and growing as a software engineer and as a person.

EXPERIENCE

Gravitones, *React Developer, Full Stack Developer*

05/2024 – Present | Bhubaneswar, Odisha

- Developed and maintained full-stack web applications using **React.js, TypeScript, and Node.js**, ensuring scalable and high-performance solutions.
- Integrated **RESTful APIs** into frontend applications to enable seamless data communication and enhance overall user experience.
- Developed and implemented **secure payment gateway integrations**, ensuring reliable and safe transaction processing.
- Built and optimized **admin dashboards and management panels** for multiple projects to streamline operational workflows.
- Implemented **authentication, authorization, and role-based access control** to enhance application security.
- Collaborated with cross-functional teams to deliver **feature enhancements, bug fixes, and performance improvements**.
- Optimized application performance and improved UI responsiveness using **modern frontend best practices**.

TECHNICAL SKILLS

Frontend — HTML, CSS, Bootstrap, React.js, Tailwind CSS, JavaScript, Responsive Web Design

Backend — Node.js, TypeScript, REST APIs

PROJECTS

Student Ecosystem, *React.js (frontend) and Node.js (backend)*

- Developed a full-stack hyper-local marketplace application connecting students with nearby services (10 km radius) using geolocation (Leaflet.js). Built with React.js (TypeScript/Vite), Node.js, Express, and PostgreSQL (Drizzle ORM).
- Integrated PhonePe payments and Shiprocket API for order tracking. Implemented a vendor dashboard for listing management and analytics, with a responsive UI using Tailwind CSS.

Bidyasagar Classes, *React.js (frontend) and Node.js + MongoDB (backend)*

- Designed for competitive exam preparation, academics, and skill development. The frontend offers a responsive student dashboard with course management, assignments, and online tests, styled using Tailwind CSS/Material UI.
- The backend ensures scalability with JWT-based authentication, course/batch management, test paper handling, and secure payment/admission features, integrated with MongoDB for data storage.

Travoinspire, *TypeScript, React, Tailwind CSS*

- Developed the corporate panel UI using TypeScript and React with a focus on performance and user experience.
- Integrated AWS services for secure hosting and scalable performance.
- Designed responsive and modern UI using Tailwind CSS.

Dodeel, *MERN Stack, AWS*

- Designed and implemented a robust full-stack solution for the Dodeel platform using the MERN stack.
- Integrated AWS services for secure hosting and scalable performance.
- Focused on user-centric design to enhance the product's usability and engagement.

EDUCATION

GIET University, *MCA*

Computer Science, CGPA-9.09

10/2021 – 03/2023 | Gunupur, Odisha
